

FOR IMMEDIATE RELEASE

Black Maternal Health Week Event Lineup Announced

Spokane Events Bring Awareness To Black Maternal Health April 11-17th

[Spokane, WA, March 2024] The Shades of Motherhood Network is proud to announce their event lineup for 2024's Black Maternal Health Week - April 11th-17th, 2024. Events will take place throughout the region with the goal of fostering awareness and encouraging community action to improve Black maternal health conditions.

"The heartbreaking truth is that black mothers are twice as likely to die or suffer long-term as a result of pregnancy-related complications than white women. And they're three times as likely to receive a pregnancy-related injury during birth." explains Stephaine Courtney, Executive Director of Shades of Motherhood.

"The birth rate is declining in our country. If we want to improve the birth rate in America, the logical first step is making pregnancy a safer process," explains Stephaine Courtney. *"The best way to improve the baseline of safe births is to start by helping the women who are dying at an alarming rate. We aim to spark awareness and action during Black Maternal Health Week."*

Eight Black Maternal Health Week events will focus on educating the community about Black maternal health issues and empowering people to take action. The event calendar spans film, art, literature, community discussion, family activities, celebrations, and more, with virtual and in-person options. Admission is free to each Black Maternal Health Week Event. Events include:

[Black Maternal Health Week Art Exhibits: Shades of Joy, Elevating Black Voices](#)

Wednesday April 17th, 4pm-7pm, Martin Luther King Center

Black Maternal Health Week will celebrate with a joyful day of family fun and community solidarity at Black Maternal Health Week's "Shades Of Urgency: Family Fun Day." This joyful event is dedicated to celebrating and raising awareness for Black maternal health, through games, activities, and entertainment as we shine a light on the important issues surrounding maternal health within the Black community.

[Evening of Joy Fundraiser](#)

Saturday April 20th, 5pm-7pm, Montvale Event Center

Black Maternal Health Week will conclude with joy and an evening of sisterhood and brotherhood featuring musical guests Nu Jack City. Guests are encouraged to donate

to the Shades of Motherhood Network's goal of reaching \$60,000. Donations will be used to provide programming, doula education, care packages for new families, and more. Formal attire recommended.

These events have been planned and coordinated by The Shades of Motherhood Network in collaboration with The Learning Project, both owned and operated by Stephaine Courtney.

These events are sponsored by Providence, Perigee Fund, Starry Financial Group, Spokane Regional Health District, Cambia Health Solutions and Better Health Together

For more information on these events, please visit www.theshadesofmotherhoodnetwork.org.

###

Shades of Motherhood Network is a local organization that strives to create healthy, equitable relationships between Black women and women of color/ Birthing people and reproductive health through immersive, community-driven experiences that catalyze the physical, mental, and spiritual health of children and families in underrepresented communities. This non-profit organization has been focusing their initiatives around Black maternal health and closing the gap in recovery foods, wellness, and creative spaces to bring awareness to pregnant and postpartum people. Shades of Motherhood offers peer networking and support, special event programming, and more.
